

PressurePro Machine Protector Advance 1 RM 110

Scale inhibitor for hot water high-pressure cleaners with integral corrosion protection, especially for use in new HDS units with System Care option. The Machine Protector Advance 1 RM 110 formula offers improved protection against limescale deposits on heater coils (up to 150 °C) and provides integral corrosion protection for components in contact with water.

NTA-free

Properties

- Comprehensive protection and care for hot water high-pressure cleaners
- Specially for devices with system care adaptation
- Effectively protects the heating coil from calcifying
- Tensides biodegradable in accordance with EEC 648/2004
- Rapidly separates oil/water in the oil separator (easy to separate=asf)
- Free of phosphates
- NTA-free

Application areas:

Machine protector:

Machine maintenance, limescale protection

Usage options

- Hot water high-pressure cleaners

pH

7

in concentrate

Container sizes

1 l

Part number

6.295-625.0

Application:

Hot water high-pressure cleaners

- Set the dosage according to the water hardness (done by service technician).

Instructions for use:

- Store away from frost.
- Use only acid-proof spray units for application.

Further information:

- Material Safety Data Sheet (MSDS)

Dosage and yield:

Contents:	Cleaning method:	Primary mixture:	Dosage:	Soiling:	Yield:
1000 ml	Hot water high-pressure cleaners		6 ml/°dH m³		8300 l
