Light Weight Block Mortar (LWBM)

Conmix Conputty

**Format**

**Impuls**

**Strongwell**

**Avonite**

### Skim Coat Plaster (LC 11)

#### *Fairing coat for concrete surfaces...*

LC 11 is pre mix fine sand cement mortar for internal and external use. It can be used as a thin coat finishing plaster for localised repair work onto portland cement based backgrounds such as concrete or rendered surfaces.
